

What's Happening

The Salvation Army Red Shield Youth Center of Allegany County

Club Day

Every Tuesday is **Club Day** at The Salvation Army Red Shield Youth Center, and it's one of our favorite parts of the week! Students get to explore **music, arts, STEM, games, self-defense and creative expression** in a fun, supportive environment designed to build confidence, teamwork, and hands-on skills.

From rhythm games and instrument basics to drawing, painting, science, and creative crafting, Tuesday Club Days give our members the chance to discover new interests and talents. Activities are tailored for elementary ages and led by caring staff and volunteers who encourage imagination, positive peer interactions, and a love of the arts.

Club Days help children develop:

- Confidence and self-expression
- Fine motor and listening skills
- Teamwork and communication
- Creative problem solving
- Appreciation for music, movement, and visual arts

We believe creativity strengthens the whole child — and Tuesday Club Days bring that joy to life each week!
